Kavya Iyer

Academic year 2026-27 | Term 1 | Level G8

ISSUED

Teacher Assessment

Kavya identifies scientific variables confidently and supports claims with observations. Her lab notes are accurate, though the discussion section needs clearer links between results and conclusion.

Subject Competencies

Science inquiry is advanced; English presentations are confident; algebraic manipulation is proficient. Longer mathematics solutions would benefit from a consistent line-by-line checking habit.

Projects And Inquiry

In a group study of local water quality, Kavya designed the comparison table and noticed an outlier. She proposed repeating that sample before the team drew a conclusion.

Student Reflection

“I like investigations because I can test an idea. I need to slow down in algebra and write why I changed each step.”

Peer Reflection

“Kavya organises our project and asks useful questions. Sometimes she takes over the final explanation; sharing that part would help everyone contribute.”

Parent Reflection

“She discusses science articles at home and prepares carefully for presentations. We have noticed that she becomes frustrated when a mathematics answer is not immediate.”

Wellbeing And Life Skills

Kavya collaborates respectfully and seeks help when prompted. During two assessment-heavy weeks she appeared tense and rushed; the class teacher agreed a study plan and will review it after the next cycle.
