Holistic Progress Card

PREPARATORY STAGE | ps-hpc-2026.10.24-v1

Reyansh Gupta

Academic year 2026-27 | Term 1 | Level G5

ISSUED

Teacher Assessment

Reyansh solves multiplication problems accurately and explains his method well in conversation. In written work, he sometimes omits the final unit and needs a checking routine.

Rubric: achieved | Contributor: Class teacher | Observed: 2026-07-10

Curricular Competencies

For the neighbourhood-water task, he read a simple table, compared daily use and suggested two practical ways to reduce waste. His calculation was accurate; the written conclusion needed more detail.

Experiential Learning

He measured the school garden beds with a partner, corrected an early measurement error and recorded the revised dimensions. He shared equipment responsibly.

Student Reflection

“I am good at finding the answer. I want to remember labels and explain all my steps so another person can follow them.”

Rubric: progressing | Contributor: Reyansh Gupta | Entered by: Class teacher | Observed: 2026-07-13

Peer Reflection

“Reyansh listens to my idea and helps with calculations. He can give us more time before telling us the answer.”

Rubric: progressing | Contributor: Class peer | Entered by: Class teacher | Observed: 2026-08-14

Parent Reflection

“He enjoys mental maths at home and now checks shopping totals. We are encouraging him to write the full working instead of rushing to the answer.”
